### **Onsite Audiovisual Setup**

- Report to the Speaker Ready Room as early as possible to confirm your presentation is uploaded and correctly working. New podium uploads should be complete with at least 24 hours until the live presentation.
  - o Bring a backup copy of your presentation on a USB or your laptop.
- Session rooms will be equipped with a computer at the podium connected to the central computer system that houses all meeting presentations, presentation screen, laser/mouse pointer, and microphones.

#### **Slide Preparation Tips**

- Presentations should be compatible with PowerPoint 2016 and Windows 10.
- Confirm your presentation slide size is <u>widescreen (16:9)</u>. Use at least a 28-point font in a sans serif such as Helvetica or Arial. Use a color or bold font to emphasize text, but avoid using a red and green font to increase your message's accessibility.
- Keep it simple but not simplistic. Limit message to seven lines or less per slide, with no more than seven words per line.
- Use images, video, or audio to summarize and communicate data more efficiently and interestingly.
